OC-1156-86  
4 December 1986

MEMORANDUM FOR: Deputy Director for Administration

25X1 FROM:

[REDACTED]  
Acting Director of Communications

SUBJECT: Weekly Report

25X1 1. Complaints have been received from residents of the Langley community regarding the excavation and installation of fiber optic cable along Route 193 (Georgetown Pike) which is a stretch of road considered to be historic. This cable is being  
25X1 installed between Headquarters and [REDACTED] Complex under an Agency contract and with the Virginia Department of Transportation (DOT) approval. The contractor and DOT are currently attempting to resolve all local issues in order to avoid diverting the route of the cable.

3. An article appeared in Jack Anderson's Washington Post column on 28 November relating the role of the National Coordinating Center which operates under the command of the Defense Communications Agency. The article identified CIA as among those government entities which staff the facility. The OC current overt representative to the Center has been advised and will report any queries for information should they occur.
